Dear Mr. Brophy:

**Subject: New Products Evaluation Committee Action on JSP "Pro-Ring Manhole Adjustment System" NPE # 1011-5**

The New Products Evaluation Committee considered this product with the successful field test. The Committee recommended that the Department classify this product as "Accepted" for use on Georgia Department of Transportation projects. Classifying a product as "Accepted" does not obligate the Department to use or specify the product. Use of this product is limited to the application for which it's intended.

If you have any questions concerning this matter, please contact physical/chemical branch at 404-608-4810 or correspondence can be sent to the attention of Brad Young at the address listed below.

We appreciate your interest in marketing products that may be of benefit to the Georgia Department of Transportation.

Sincerely,

A handwritten signature in cursive script that reads "Richard A. Doude".
